July newsletter 2010

Voice of kids :

In the 15th of July, the voice of kids group started the project 4th phase activities, which through it the whole group decided everything about their magazine like articles which they wrote in the third phase , the designs which they will be learning how to do by computer trainings .

In the final phase the kids became ready to add a lot of different subject to their magazine; we hope that the magazine will take a good place in Palestine and the outside world.

Funded by EU

“Promoting children ,youth, woman education and psychological wellbeing in Nablus (old city)”

“رفع المستوى التعليمي والرفاهية النفسية للأطفال والشباب والنساء في نابلس (البلدة القديمة).”

Promoting children , youth , women education and psychological well-being in Nablus - old city :

As the success is continuing in implementing the activities of this project , the cooperation between the H.S.A and the ministry of education about the schools and the targeted groups to give the special educational services is still running , this cooperation will also help us to have the names and the number of the drop out children who we will be working with in this project . The formal and the informal education programs will start at the beginning of the school year.

In the 17th of July 2010 a group of the beneficiaries who belongs to “collectif Palestine Paris 8 “with the cooperation of “generation Palestine “ le mans city , started to implement the “my story in the History “ project for the H.S.A children which included the photography activities and movie making which is about the Palestinian reality according to the children’s point of view . The children were supervised by this group, and they made an exhibition for their pictures in the association yard on Saturday the 31st of July . The families of those children attended the exhibition and celebrated with their children the end of the project and the publishing for the 5 movies .

The 21st of July, H.S.A made an open day with the coordination of PCC for 60 children from both centers. The activity aimed to mix the both center's children together and to introduce them to the activities of the H.S.A association .

H.S.A with the cooperation of Bayalara center started implementing the (count to ten) project, which includes 2 groups from both genders aged between (13-18) years old during July.

The project aimed to create an acceptable and tolerant culture for the youth, and also adopt some wise means away from violent.
