European delegation of different nationalities consisting 14 psychologists and psychiatrics visited our association on 6th June 2010, where the purpose of the visit was to take an overview about the association's programmes. As Mr. Wajdi Yaeesh one of the association founders and the current projects coordinator of HSA, presented a brief history of the association establishment, which is considered as a reflection of the Israeli invasion to the west bank cities in 2002.

The projects coordinator Mr. Wajdi Yaeesh explained the children's conditions under the invasion of 2002, and the repeated practices of the Israeli soldier against the Palestinian society, special in Nablus – old city. Additionally; the activities coordinator Mr Raed Kukhun gave an explanation about the goals and the stages of Voice of Kids program.

The delegation visit lasted for 3 hours included with tour in the old city leaded by wajdi, he showed them the historical monuments of the city and the destruction left by the Israeli soldiers during the invasion 2002.

we started new French course for the children aged between 10-13 years old, by the graduator mr. mahdi Karadeh, who is one of our best volunteers in tutoring French for the children, as we started also the activities of (the story) that will encourage the children on reading educational stories, this activitirs leded by Ms. Nancy abu haweleh on of the HAS staff.

As we continue the other usual activities in serving the children and the youth of Nablus.

We would like to thank you all for supporting us in serving our community; and we give special thank for our partners, that together we will promote the justice and the social change in a better future for all the Palestinians.
