

جمعية أنصار الإنسان *Human Supporters Association*

March newsletter 2010

Early in the beginning of march we started new project “promoting children, youth, woman education and psychological wellbeing in Nablus(old city)”
With the Collaboration of CISS organization, The project aims are enhancing awareness among local authorities, NGOs and community leaders in Occupied Palestinian Territories on children, youth and women's rights and protection with a view toward creating a healthier environment for social integration and development and reducing the poverty among children, youth and women in OPT by expanding their education opportunities and promoting their psychosocial wellbeing, rights and participation. The specific objective is improving psychosocial well-being and education of children, youth and women affected by the occupation in the Old City of Nablus.

“promoting children ,youth, woman education and
psychological wellbeing in Nablus (old city)”
“رفع المستوى التعليمي والرفاهية النفسية للأطفال والشباب
والنساء في نابلس (البلدة القديمة).”

On Tuesday 2nd of march ,Through the second stage of voice of kids project the children made poem exhibition to reborn the Palestinian culture through poems exhibition for the Palestinians poets, that presented in the centre, kids invited parents, teachers, poets, kids , they presented the poems by posting them on the walls and they made special presentation for Mahmud Darwish, also young poets presented their poems, finally they thank the kids for that special event
