## 2. Status of Implementation of the Activities

### 2.1 Executive summary of the Action

The project started on the **16th June 2013** as per the contract between HSA and the European Union signed on **15th June 2013**.

The action has been implemented along different phases: between **June and August 2013**, all the preparatory activities have been carried out following the time-table both in Palestine and in Italy.

Both the applicant and the partner have carried out preparation meetings, administrative work, the selection of participants and team leaders and orientation meetings. The regular implementation of the activities in general has been respected; nevertheless some delays have arisen on the implementation level for what concern the field trip.

:These delays are related basically to the following factor

The contract with the EU was signed on the **15th June 2013**, the time to prepare for (1) the travel (foreseen between August and September) was short

:Specifically

The participants' selection process has been done between the end of June and the beginning of **August 2013**.

The starting of Ramadan in July 2013 caused also a slowdown of the activities at local level.

Most of the Italian participants (the 10 artists) are working or studying and they need to ask permits at work or universities in order to take part to the field visit in Nablus. Unfortunately not all of them have been able to get it due to bureaucratic issues for the foreseen period.

So an extension of three months has been requested to the European Commission and approved on the **29th September 2013**.

During the second phase (**September-October 2013**) Human Supporters and ASSOPACE have been committed to the preparation of the preliminary visit of the team leaders. The visit took place between the **10th and the 13th October 2013**.

### 2.2 Activities and results

#### Activity 1: Preparation stage

**Activity 1.1: Preparation at a local level - Partnering organizations each in their respective countries will organize the selection process of participants and training**

# جمعية أنصار الإنسان Human Supporters Association

In the first three months (between June and August 2013) of implementation of the action, both the partnering organizations started the selection process of the participants. As a first step, all the young artists who participated in the first exchange in Italy (project You're Right! have been contacted. In fact, targeting young artists who already ( IT-31-E50-2012-R2 participated to the previous exchange (from Palestine to Italy) is considered an added value of this project (from Italy to Palestine) and give them the possibility to go deeper in mutual .knowledge and stimulate the rising of common experiences, personal and cultural narratives

As a result of the selection procedures, the **20 young artists**, 18-25 years old (10 Italian and 10 Palestinian) have been selected (among them the majority already participated in the previous exchange while others are young artists committed to the aim of the project ) and **4 team leaders** (2 Italian and 2 Palestinian) have been chosen

At the end of August and during September, 4 preliminary meetings have been organized with .the beneficiaries and coordinated by the team leaders

:Specifically

During the first meeting, the objectives, the results and the methodology of the - project have been discussed in order to collect impression and ideas. All the .participants spoke about their expectations, their skills and their work experience

[human.supporters.association@gmail.com](mailto:human.supporters.association@gmail.com)

# جمعية أنصار الإنسان Human Supporters Association

During the second meeting all the visibility materials (photos and videos) produced have been (during the first exchange (project You're Right! IT-31-E50-2012-R2 shown and discussed and a deep evaluation of the former exchange has been carried out highlighting the weak and strong points

The third and forth meetings were related to the organization of the preliminary visit of the team leaders: collecting suggestions from the participants both in Nablus and in Italy; preparing a list of HR and youth organizations to involve in the exchange (Nablus); start drafting a program for the exchange to be discussed by the team leaders; networking activities in order to ensure the participation of different local and Italian organizations and CBOs to the project

The methodology used during the meetings was based on the participatory approach; all the ideas, material, suggestions and direct working experience of the participants collected have been used for drafting the program of the visit

## **Activity 1.2: Planning-visit: HSA will host a 3-day meeting for team leaders of both the Palestinian and the Italian teams**

The visit took place between the **10<sup>th</sup> and the 13<sup>th</sup> of October 2013**. The program of the visit has been drafted by HSA team leaders and participants and discussed previously via web with the Italian group

# جمعية أنصار الإنسان Human Supporters Association

The planning visit was structured on different levels

- Administrative level: all the administrative aspects of the project, the monitoring and evaluation procedures and the best strategies to reach the expected results has been discussed; Format for the evaluation and monitoring has been set-up
- Logistic level: the program of the exchange previously drafted by HSA team leaders has been discussed with the Italian team leaders. On the base of the suggestions collected by the two groups of participants, the final program of the exchange has been identified (see Annex 1 attached to this report). The 4 team leaders set rules to be shared with the youth; specific time-table for the activities and a list of associations and community-based organizations to meet during the exchange. The first day of the visit they conducted also a visit to the Freedom Theatre of Jenin Refugees' camp that is one of the stakeholders to be involved in the exchange
- Artistic level: the team leaders discussed about artistic and non formal techniques, tools and methodologies for the intercultural dialogue

During the visit, the analysis of the previous program has been shared among the team leaders and corrective measures for the weak points have been discussed. Focus groups with the young Palestinian artists have been organized in order to share ideas and expectations. They discussed about the skills and artistic capacities of the two groups and

about the best way to valorize them, to involve the local community and to spread the .message both in Italy and Palestine

## Per diem for team leaders

Refreshment, hosting, transportation and food has been provided to the team leaders during .the mission, the visits and the meetings

## :Problems and delays in the implementation of the activities

As mentioned before, the regular implementation of the activities in general has been respected; nevertheless some delays have arisen on the implementation level for what concern the preparatory visit and the field trip. For this reason an extension has been requested. The implementation of the activities will follow the updated timeframe annexed to this progress .report

:Specifically

- The planning visit for the Italian and Palestinian leaders took place in October 2013 -
- The exchange activities will be held in December 2013 -
